*Under Corporate Skies* is about what happens to communities when they stand in the way of corporate profits. It is the story of a tiny town pitted against a strong corporate neighbour.

With the help of international campaigner, Erin Brockovich, the small town of Yarloop in Western Australia is preparing a civil class action against Alcoa World Alumina. The struggle is over social, health and environmental concerns surrounding Alcoa's Wagerup alumina refinery.

This story will resonate with national and international communities facing similar clashes amidst ongoing industrialisation.
